# 6541 Soft Fan Brush  
2 # 6322 Fun Writer

### Directions

**Step 1-** Apply 4 coats of Matte Black to the entire top platter. Let dry.

**Step 2-** Using the cricut machine cut out a stencil of 4 swirls or trace and cut out the pattern onto a regular piece of copy paper. Using the soft fan brush, apply water to the area you will be putting the swirls, one at a time. Lay down the paper swirl on the wet area and use a damp sponge and your fingers to make sure the paper is down tight so you don't have color leaking under it.

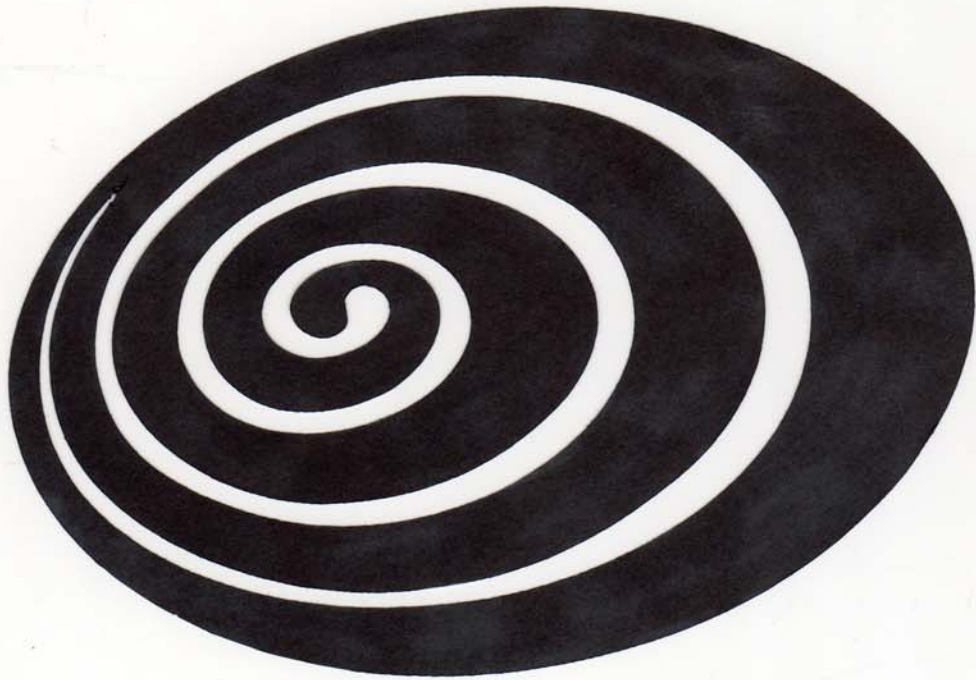

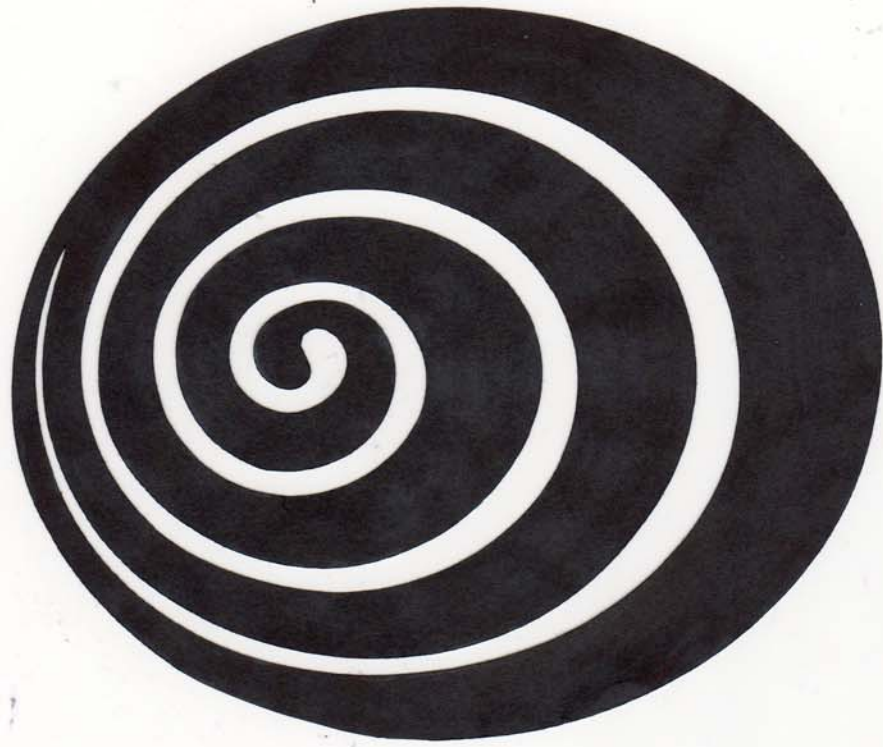

**Step 3-** Use a ruler to find the center of the plate and mark each section. Cut out 4 long strips of paper. Dip a long strip of paper and block off one corner on the platter that will be Orange Crush. Apply 3 heavy coats of Orange Crush to that section going over the paper swirl area. When it's a little dry ...about 5 min. pull off the paper. Repeat this on the opposite corner using the Red Blaze.

**Step 4-** Use the Fun Writer filled with Key Lime Pie to fill in the swirl on the third corner and a Fun Writer filled with Blue Heaven to fill in the swirl on the last corner. Let dry.

**Step 5-** DO NOT DIP INTO CLEAR GLAZE. Fire to cone 06.
