Directions

Gnome:

Step 1 - Using Fan Brush, paint all of the gnome's hair with Pumpkin Pie. Let dry and then go back with a damp sponge and randomly wipe off paint on hair. Be sure to leave color in crevices. Let dry.

Step 2 – Paint face, ears and hands with 3 coats of Naked Truth.

Step 3 – Paint coat with 3 coats of Key Lime Pie.

Step 4 – Paint belt with 3 coats of Jumpin' Jelly.

Step 5 – Paint pants with 3 coats of Blue Heaven.

Step 6 – Paint stripes on socks with Blue Heaven, This Li'l Piggy and Smiley Face. If you like, you can just apply one coat of each color to give socks a water color look.

Step 7 - Finish beard with 2 coats of Smiley Face.

Step 8 - Paint in eyeballs with Black Lab.

Step 9 - Make polka dots on hat with Smiley Face, Blue Heaven, Key Lime Pie, This Li'l Piggy and Jumpin' Jelly.

Dip in Gare 9000D and fire to cone 06.

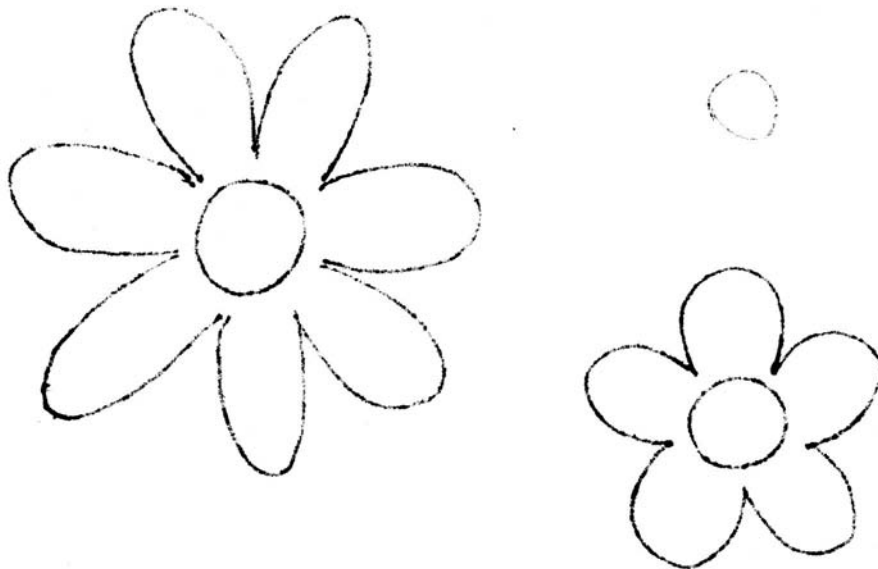

Flower Pots and Garden Markers:

The words were created using a Cricut Machine in stencil mode. You can create your own stencils or use pre-cut plastic stencils available in most craft stores.

Use patterns below or make your own for the flowers. Transfer the flower pattern to pots and paint in the same colors as used on the gnome.

The stripes are quite random in size and color; no need to measure or use tape if you don't wish too.

Dip pieces in Gare 9000D and fire to cone 06.
