Directions

1 Daisy Swoop Sushi Mini Plate:

Step 1 - Do not wipe down bisque. Using the Fan Brush, cover the plate with 2 coats of Polar Bear. Concentrate the paint in the center of the place where the flower will be. Let dry completely.

Step 2 - Place flower sticker over white in center of plate. Be sure to stick down edges of the sticker. Place strips of tape around 4 edges of plate covering about ½" of the edge. Cover top of plate with 3 coats of Rockin Red. Be sure to let paint dry between coats. Let dry after last coat.

Note: the tape and stickers are easier to remove and leave a cleaner edge if you let the paint dry completely before you pull them off.

Step 3 - Paint center of flower with 3 coats of Smilely Face.

Step 4 - Paint the edges of plate with 3 coats of Black Lab.

Step 5 - Paint polka dots with 3 coats of Black Lab.

Step 6 - Using shade brush, outline center and petals of flower.
