FS-2300 Polar Bear

FS-2314 Black Lab

FS-2317 Arizona Sun

FS-2327 Blazing Saddles

Step 1- Apply 3 coats of Old Yeller to the inside of the mug or you can pour and roll one coat to the inside.

Step 2- Apply 3 coats of Mellow Yellow to the outside of the mug going around the dog. You don't have to be perfect with the Mellow Yellow because the Old Yeller will cover it.

Step 3- Apply 3 coats of Old Yeller to the dog in the front of the mug and back of the mug. Clean out the eye area and apply 2 coats of Polar Bear to the eyes. Apply 1 coat of Blazing Saddles to the iris and one coat of Black Lab to the pupils. Apply Black Lab also to the nose and the pads of the dogs feet on the back side of the mug. Apply 1 coat of Arizona Sun to the mouth. Apply a highlight on the nose and on the pupils with Polar Bear.

Step 4- (Optional) You can shade all the crevasses in the dog features with Blazing Saddles by side loading a # 4 round brush and gliding it along the edges on the Old Yeller. Also sponge a little at the bottom of the mug as seen in the photo. Dip into clear glaze and fire to a cone 06.
