**Step 1-** Apply 2 coats of Polar Bear to the center of the charger and the 3 desert plates. Squeeze a small amount of Coffee-n-Cream on a tile with some Polar Bear and add some water to both colors. Use a sponge to scatter both colors very lightly on top of the 2 coats of Polar Bear. This will be the background. It should look like a faux finish

**Step 2-** Apply 3 coats of Simply Cinnamon to the rim and back side of the charger. Apply 3 coats each of the following colors to the rim and back side of the desert plates. One plate is Li'l Boy Blue. Another is What-a-Yolk and the other is Happy Go Lucky.

**Step 3-** Trace pattern onto the charger and the desert plates. Check the face areas of the snowman and wipe some of the Coffee-n-Cream from those areas and add a little more Polar Bear so the snowmen are white without any tan in them.

The eyes on the two of the snowmen are Pool Party. Apply Black Lab to the outline of the eyes, mouth and nose. Apply 2 coats of Black Lab to the hat. Apply 3 coats of Orange Crush to all the carrots. Apply 3 coats of Li'l Boy Blue to the band on the hat, the mitten and three of the stripes on the large snowman's scarf. The dots on the band are Simply Cinnamon. Apply a light coat of Simply Cinnamon to the bottom area of the lip on all the snowmen. Apply 3 coats of What-a-Yolk to the hat on the large snowlady.

**Step 4-** Lightly shade the inside of the snow faces with Pool Party and slightly shade the outside of the snow faces with Coffee-n-Cream.

**Step 5-** All the twigs on their headpiece and on the mistletoe are Mocha Fudge, done with a detail brush. The leaves on the mistletoe are Happy-Go-Lucky. The berries on the mistletoe are Polar Bear. The shading on the snowlady's hat is Orange Crush. The pom pom on the hat is Simply Cinnamon. The small leaf stroke on all the headpieces are Happy-Go-Lucky.

**Step 6-** Use a small sponge and dip it into Coffee-n-Cream, Mocha Fudge and a little Polar Bear. Apply to the snowlady's scarf.

**Step 7-** Shade the inside edge of the rim on each plate with Black Lab.

**Step 8-** Use a Fun Writer bottle filled with Polar Bear and apply a dot in the eyes. Apply a small star in the eye of the large snowlady on the charger.

**Step 9-** Write, "Let it snow" on the rim of the platter with two coats of Polar Bear from a writer tube or you can write it with Bumpy Snow.
