|  | INGREDIENTS | FS-2378 Pea Soup FS-2383 Mellow Yellow |
| | BISQUEFIRE | |
| | 4068 Sayings Pot 7139 Collectible T-Rex | POTTERY GLAZES NTG- 9515 Pottery Blue NTG- 9528 Sandal Wood |
| | FUN STROKES | |
| | FS-2306 Blue-by-U FS-2314 Black Lab FS-2359 Lime Light FS-2368 Old Yeller | |

Sayings Pot:

STEP 1- Apply 3 coats of Sandal Wood to the lid. Apply 3 coats of Pottery Blue to the pot, inside and outside. Wipe off excess from the front sayings area with a damp sponge.

STEP 2- Apply 3 coats of Mellow Yellow to the sayings area & write "Retirement Fund" on the Mellow Yellow. This does not need to be clear glazed.

STEP 3- Apply Magic Flow to the top rim area going on the inside just to the inside edge and going down the jar about an inch to an inch and a half on the outside.

Dinosaur:

STEP 1- Apply 3 coats of Old Yeller to the entire dinosaur. Use a small piece of a sponge and sponge some Pea Soup to all of the back and sides of the dinosaur. The areas that should look more yellow on the belly, hands, front part of the feet and bottom side of the mouth.

STEP 2- Use Black lab to apply eyes, nostrils, mouth and toes.

STEP 3- Apply 3 coats of Mocha Chino to the base.

STEP 4- Dip the dinosaur in clear glaze. When it is dry wipe the bottom clean of any clear glaze (dry foot). Sit the dinosaur on the lid part of the sayings pot and fire. NOTE: If you put clear glaze on the bottom of the dinosaur and fire it to the lid, there may be too much glaze and cause it to slide. You can dry foot the bottom part of the lid so you can sit it directly on the shelf and you won't have to stilt it. You will have to stilt the pot but fire as isdo not clear glaze the pot or the lid.
