Platter

Step 1- Trace snowman pattern onto platter.

Step 2- Using the Mop brush, apply 3 coats of Polar Bear to the inside of the snowman. With the same brush, apply 3 coats of Rockin Red to the outside of the snowman, coming as close to the edges of the snowman as you can. Use Brush #4 to get paint right up to the white of the snowman without overlapping.

Step 3- Using Brush #4 and Rockin Red, fill in the snowman's buttons, the stripes on his scarf and the polka dots on his mittens and hat.

Step 4- With Brush #4; outline the snowman's mouth and eyes with Black Lab.

Step 5- Apply 2 coats of Orange Crush on the snowman's carrot nose.

Step 6- Place a small amount of Blue By U on a paper plate. Add a drop of water and mix. Dip the Brush #6 in clean water and then drag the brush lightly across a dry paper towel to remove some of the water. Now drag the brush beside the Blue By U, picking up paint only on the side of the brush. Drag the paint-loaded side around the outline of the snowman's inner body.

Step 7- Using the same technique described above; use Black Lab to outline the rest of the snowman, his hat and mitten.

Step 8- Use Fun Writers to dot the perimeter of the platter, putting red dots on the white area and white dots on the red area.

Square Coup Dishes

Step 1- Using Mop Brush, paint one square dish with Polar Bear and the other with Rockin Red, giving both 3 coats of paint.

Step 2- Trace mitten pattern onto each plate, remembering to flip the pattern so one mitten will be left and one will be the right.

Step 3- Paint the mitten on the white dish red and mitten on the red dish white. Add polka dots. When painting the white polka dots, use a Fun Writer to ensure good coverage over the red paint.

Step 4- Follow the instructions for Step 6 and outline the mittens.

Step 5- Dot the perimeter of the red dish with white and dot the perimeter of the white dish with red using the Fun Writer.

Step 4- Clear Glaze and fire to cone 06.
