

Recipe of
the Month!

Travel Mug Joe To Go

project time - 2 hours

INGREDIENTS

FS-2379 Simply
Cinnamon

BISQUEFIRE

FS-2383 Mellow Yellow

4502 Travel Mug w/lid

OTHER

FunWriter Bottle

FUN STROKES

FS-2314 Black Lab

FS-2368 Old Yeller

FS-2372 Mocha Fudge

FS-2377 Pumpkin Pie

FS-2378 Pea Soup

Step 1- Cover the mug with 2 coats of Mellow Yellow. Inside and out. Exclude the handle.

Step 2- Trace Pattern. Connect the back side of the mug in a symmetrical pattern like the front.

Step 3- Shade the top and bottom with area of the mug with Mocha Fudge by loading a round brush and sliding the color along the edge of the pattern as shown in photo.

Step 4- Apply 3 coats of Pumpkin Pie to the square in the center. Apply 3 coats of Mellow Yellow to the cup inside the square preferably using the Mellow Yellow in a Fun Writer, then you can apply only one coat. Apply 2 coats of Mocha Fudge to the inside area (coffee).

Step 5- Apply 3 coats of Simply Cinnamon to the right side of the square leaving a space around the square so that it looks like an outline and is actually the Mellow Yellow color that you applied in step 1. Apply 3 coats of Pea soup to the bottom left side of the square leaving the same space for an outline. Apply Old Yeller to the top left of the square going around the back side of the mug with all the colors.

Step 6- Apply 3 coats of Mocha Fudge to the handle. Using Black Lab, write "Joe to Go" on the bottom left where the Pea Soup is and add some lines for the smoke coming from the coffee.

Step 7- Glaze and fire to a cone 06.
