project time -2-4 hours

INGREDIENTS

BISQUEFIRE

2047 Flared Footed Ice Cream Bowl
2008 Pasta Bowl

FUN STROKES

FS-2300 Polar Bear
FS-2314 black Lab
FS-2361 Leap Frog
FS-2366 Chocolate Moose
FS-2377 Pumpkin Pie
FS-2378 Pea Soup
FS-2379 Simply Cinnamon
FS-2383 Mellow Yellow

STEP 1- Apply 3 coats of Mellow Yellow to the entire bowl. Let dry. Trace the pattern. Don't trace raindrops yet.

STEP 2- Apply only one coat to the wide band near the top of the plate. Apply one coat to the orange sections as seen on the photo. Apply 2 coats of Leap Frog to the green sections. Cut out the pattern of the drop and trace one drop inside the wide band. To get them spaced correctly, trace a second drop directly across from the first. Now trace two more in the other direction across from each other. You should have 4 drops and if you connect them it would be a plus sign. You should be able to fit 3 drops between each section of those four. The best way to do this is to trace the next one by putting it directly in the center of the two drops and then trace one on each side of that one.

STEP 3- Apply 3 coats to each of the drops. Shade the right side of each drop with Black Lab. Apply a white highlight on the bottom left side of each drop with Polar Bear from a Fun Writer bottle.

STEP 4- Shade the top and bottom outside edge of the wide band with Chocolate Moose. Also shade the outside edge on each side of the Pumpkin Pie.

STEP 5- Fill another fun writer bottle with Simply Cinnamon and apply swirls on the Mellow Yellow area as shown and the squiggly line going down the Pumpkin Pie.

STEP 6- Using a stiff brush or an old toothbrush works well, splatter the entire top side of the platter with Pumpkin Pie, then Simply Cinnamon, then Pea Soup. You can also splatter the backside. Shade the underside of the rim with Chocolate Moose.

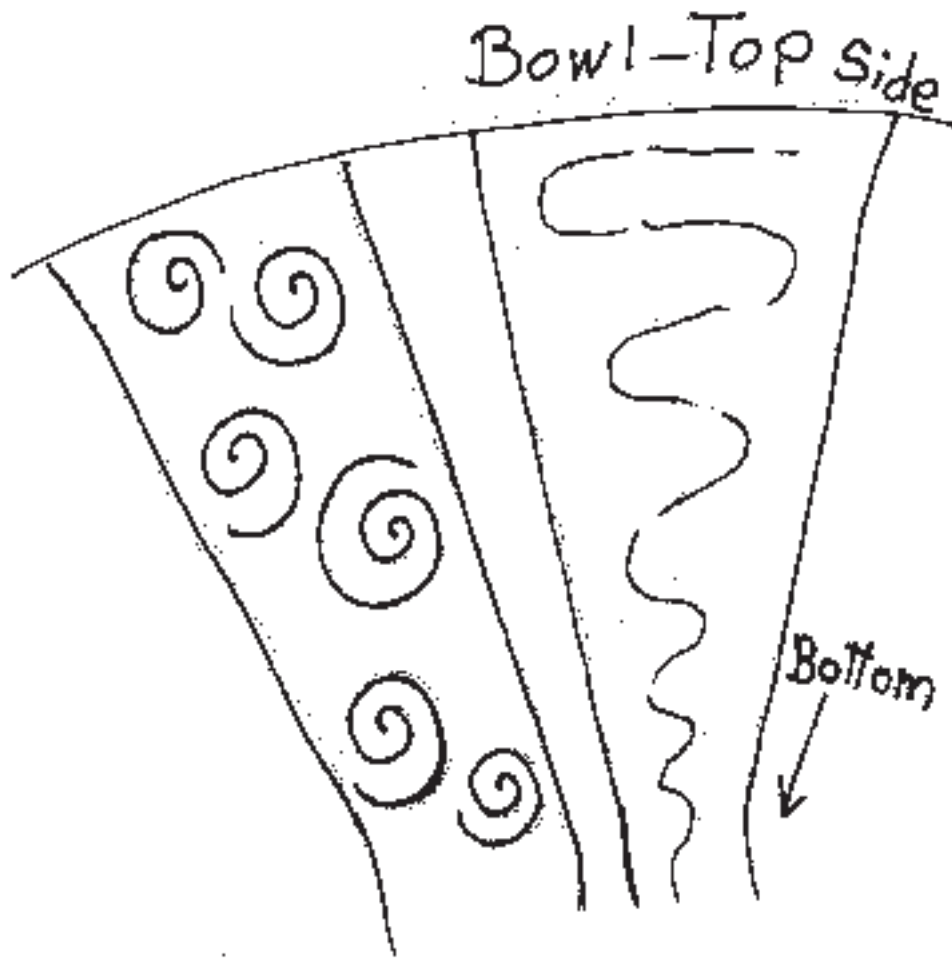

STEP 7- Dip into clear glaze and fire to a shelf cone 06.

The pedestal/bowl is done the same as the center area of the pasta bowl above.
